

Instructions for Contributors dictates that the Society for Near Eastern Studies in Japan retains the copyright for all papers published in Journal of the Society for Near Eastern Studies in Japan (from vol. 36 on) and Bulletin of the Society for Near Eastern Studies in Japan (from vol. 41-2 on). Based on this right, we post the articles, notes and book reviews to J-STAGE, an electronic journal platform developed and managed by the Japan Science and Technology Agency (JST) three years after their publication. Issues that have already been posted to J-STAGE can be viewed in the websites below:
